Care and maintenance

Please use a suction only vacuum cleaner as a beater-bar vacuum cleaner could damage the pile. Do not spill liquids as this will damage the pile. Never rub a spill, only blot with a clean white cotton cloth. If a stain cannot be removed seek specialist advice. Do not machine wash. We recommend the use of an anti-slip pad to reduce trip hazards and protect the floor surface. To protect the colours, keep away from direct sunlight. Keep away from fire.
