HELLO NATURE!

THE POWER OF SYNERGY

# TEAM<sup>MIX</sup>

## Beneficial Microbial Mix - Blended Powder

Mycorrhiza and Trichoderma are beneficial microbials essential to healthy soils for vigorous root systems, nutrient absorption, protection against disease, and more robust plant growth.

### GUARANTEED ANALYSIS

#### Contains Non Plant Food Ingredients

Mycorrhizae (Glomus spp.)	4,260 spores/oz
Glomus mosseae	2,130 spores/oz
Glomus intraradices	2,130 spores/oz
Organic Matter	56%
Trichoderma atroviride	2x10 <sup>8</sup> CFU/g

Does not contain genetically modified or pathogenic organisms.

TEAM MIX is compatible with most common fertilizers, herbicides and some fungicides. Store in a cool, dry, well ventilated area away from direct sunlight or high temperatures. TEAM MIX is not water soluble. Avoid applying via sprayer or liquid injection equipment.

### Net Wt. 10 lbs.

Warning: Contains Trichoderma atroviride. In case of contact with eyes, rinse immediately and seek medical attention. Keep out of reach of children. Information regarding the content and levels of metals in this product is available at <http://bit.ly/italpollinaUSMetalsStatement>. MJ-082218

### USE

**Soil:** Thoroughly blend 1 lb. per 3 cubic yards of soil

**Planting:** Apply in hole just prior to planting root ball

**Greenhouse:** lightly dust roots or dip small rooted plants and cuttings just prior to transplanting

**Existing trees and landscape plants:** Sprinkle around base of plant and water to ensure contact with root system.

### DOSE (per root mass or container size)

4 to 6 inch apply 1 teaspoon

6 to 12 inch apply 1 - 1 1/2 teaspoons

12 to 18 inch apply 2 teaspoons

18 to 24 inch - 2-3 teaspoons

24 inch+ - 3-4 teaspoons

## Beneficial Microbial Powder

Mycorrhizae + Trichoderma
