

Shielded Patch Panel

24 Port • 1U • Blank Modular

Key Features

- EMI/RFI/ESD Protection
- Industry Standard Ports
- Use with Cat5e, Cat6, or Cat6A
- Required to Properly Ground Shielded Ethernet Cable and Keystone Jacks
- Compatible with Cat5e and Cat6 Unshielded Keystone, Couplers, and A/V Couplers
- Shielded Keystone Jacks, Couplers, and Shielded Ethernet Cable

Features & Design Considerations

Number of Keystone Ports	24
Suitable Keystone Form Factor	Any Standard HD Keystone
Suitable Keystone Types	Ethernet, HDMI, BNC, RCA, USB, Coaxial, Fiber, Blank
Panel Shielding	Shielded (Must Be Bonded to Ground)
Mounting Compatibility	19", 1U
Compliance	TAA, EIA-310-D, RoHS 2, CE Reach, UL Listed
PoE Compatibility	Supports PoE++ (802.3bt) 4PPoE, up to 100W
Suitable Categories	See Compatibility Matrix

Cat6A

Shielded Unshielded

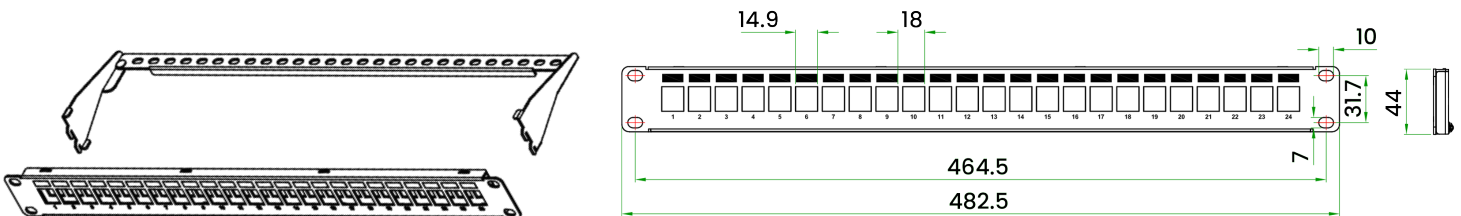

Construction & Mechanical

Patch Panel	SPCC Black Powder Coated Steel
Keystone Mounting Plate	SECC Nickel Plated Steel
Management Bar	SPCC Black Powder Coated Steel
Ground Wire	8", 10AWG, Green PVC Coated Stranded Copper
Operating Temperature	-10° C to 60° C
Package Dimensions	19.75" x 2.25" x 1.50"
Weight	1.08 lbs
Minimum Rec. Rack Depth	8"
Installation Environment	Indoors

Included in Box

- Instruction Sheet
- Cable Management Bracket
- Shielded Patch Panel Frame
- 8" Ground Wire

Unit = mm
