

Unshielded Patch Panel

24 Port • 1U • Staggered Blank Modular

Key Features

- Unique 3-D Staggered Design Helps Mitigate Alien Crosstalk (ANEXT) at the Patch Panel
- Designed for Cat6A Unshielded Keystone Jacks and U/UTP (Unshielded) Ethernet Cable
- Backwards Compatible with Cat5e and Cat6
- ANSI/TIA 568-2.D Component Rated for 10G Networks
- RoHS Compliant & UL Listed

Features & Design Considerations

Number of Keystone Ports	24
Suitable Keystone Form Factor	Unshielded Standard HD keystones
Suitable Keystone Types	Ethernet, Fiber, Blank
Panel Shielding	Unshielded
Mounting Compatibility	19", 1U
Compliance	TAA, EIA-310-D, RoHS 2, CE Reach, UL Listed
PoE Compatibility	Supports PoE++ (802.3bt) 4PPoE, up to 100W
Suitable Categories	See Compatibility Matrix

Construction & Mechanical

Patch Panel	SPCC Black Powder Coated Steel
Keystone Mounting Frame	ABS UL94V-0 rated
Management Bar	SPCC Black Powder Coated Steel
Ground Wire	None
Operating Temperature	-10° C to 60° C
Package Dimensions	19.75" x 4.75" x 2.75"
Weight	1.1 lbs
Minimum Rec. Rack Depth	8"
Installation Environment	Indoors

Compatibility Matrix

Unshielded Patch Panel

Cat5e

Shielded Unshielded

Cat6

Shielded Unshielded

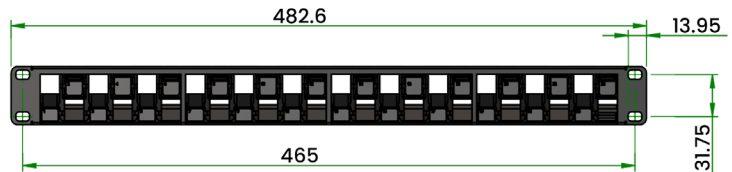

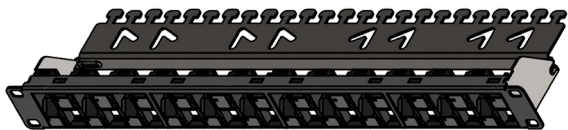

Cat6A

Shielded Unshielded

Included in Box

- Instruction Sheet
- Cable Management Bracket
- Unshielded Patch Panel Frame
- 24 Nylon Cable Ties

Unit = mm

Special Design Features

- Cat6A Component Rated
- 3D Stagger Design to Suppress ANEXT at 5Gb/s and Above
