

## How to determine your size

---

To start, please print this PDF on US Letter sized paper (8'5" x 11") and scaled to 100%

### Measure current ring:

1. Select ring that properly fits your intended finger.
2. Place the ring over the circles below. Matching the **inside edge of the ring** to the circle nearest in size. This measurement refers to the **inside diameter** of the ring.
3. If you have a thicker wedding band or engagement ring we would suggest ordering up a size to have enough room for your buffr to fit over your band. This will help you achieve a more comfortable fit.
4. If your ring falls within two sizes, also order the size larger. Buffr is only available in full sizes and we recommend ordering up a size if needed.

### Tips for buying buffr as a surprise:

Ask the person's friends or family if they know her finger size.

Borrow one of the person's other's rings (from the correct finger) and use the ring measurements to the right to determine its size.

If the size is incorrect, we gladly accept returns within 14 days of purchase. Please reach out to us at [contact@mybuffr.com](mailto:contact@mybuffr.com) for more information or go to our website at [www.mybuffr.com](http://www.mybuffr.com)
