## Paper Plate Dragon Twirler

### Materials:

- **FREE Paper Dragon template (available on website below)**
- **Paper plate**
- **Markers/paint sticks**
- **String/hole-punch/stapler for hanging**
- **Scissors/glue**

From: <https://www.redtedart.com/paper-plate-dragon-twirler/>

1. **Colour in then cut out your dragon template pieces. Do not cut the head or tail in half-they need to be joined.**
2. **Using your scissors, cut a spiral into your paper plate to make the dragon's body.**

3. **Take a piece of string and tie a knot at one end, then staple it into place.**
4. **Glue the dragon's tail to the top of the dragon, making the string stick between the two tail halves.**
5. **Glue the bottom of the dragons face together. Add a little glue to the top of the nose and glue that too. You can even add stray pieces of tissue paper to the dragon's mouth to make it fire breathing if you wish!**
6. **Add your legs. Your dragon is ready!**

**\*You may use any other craft material you'd like for your creation - the only limit is your imagination!**
