DIY Olympic Torch

Materials:

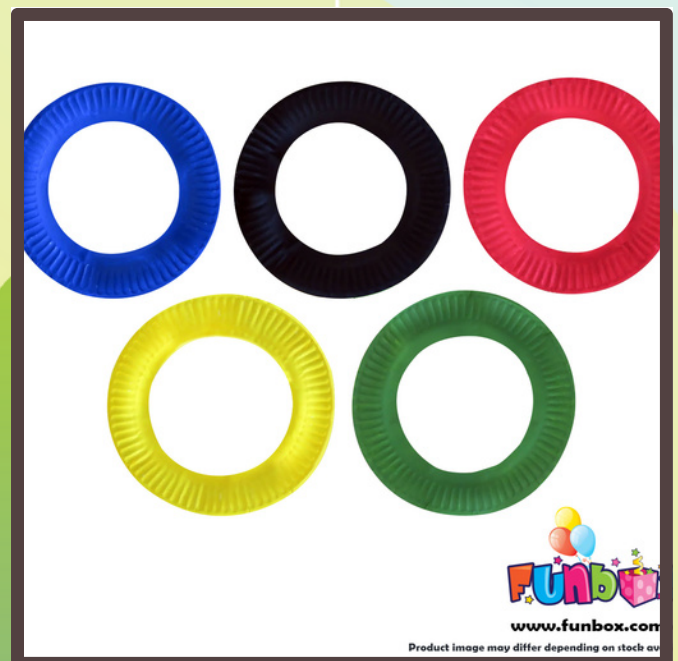

- Paper Plate
- Red, yellow and orange tissue paper
- Wool
- Scissors/stapler/tape

- Roll your paper plate until it has formed a cone shape (alternatively, you can use some cardstock, it will just be shorter). Tape or staple it closed.
- Push a sheet of one of the tissue paper colours into the cone. Repeat this with the other coloured sheets, layering them on top of each other. Use as many as you'd like!
- Adjust the tissue paper so that it looks like a flame.

Paper Plate Olympic Rings

Materials:

- Paper Plates x 5 (holes cut out of the middle)
 - Markers/paint sticks
 - Scissors/glue/double-sided tape
- After you have painted/coloured in your plates, make a cut into each plate. Link and paste them together to make your Olympic Rings!

***You may use any other craft material you'd like for your creation - the only limit is your imagination!**

DIY Laurel Wreath Headpiece

Materials:

- Green or yellow pipe cleaners (at least 2, ends wound together)
- Green or yellow felt (you can use different colours if you'd like)
- Marker
- Scissors

- **Make a leaf template out of some paper. The leaf shape should have a flat base.**
- **To make the leaves, use your marker to trace the template on to your felt and then cut them out.**
- **Fold the base of the leaf up and use your scissors to make two vertical slits. Repeat this for all the leaves.**
- **Insert the pipe cleaner into the slits of the leaves, repeating the process to string them all on.**
- **Adjust the headpiece to your head and twist the remaining pipe cleaner onto the other end.**
