

ROOME LONDON

CARE GUIDE

ROOME LONDON furniture is made to order using expert craftsmen in Norfolk. With bold imaginative designs we create high quality pieces that are as beautiful as they are functional. Our bespoke furniture uses a range of high quality materials and finishes. For you to enjoy your piece of furniture for many years to come, we've put together this helpful Care Guide, giving you all the top tips.

GENERAL CARE TIPS

- Avoid dragging ROOME LONDON furniture, this can damage the legs and finishes. Always lift when moving.
- Avoid ROOME LONDON furniture being exposed to prolonged sunlight, this can fade fabric over time.
- Avoid any sharp objects or edges coming into contact with the furniture, this can scrape or chip the woodwork and finishes.
- Avoid chemicals being used on surfaces, follow the ROOME LONDON instructions below:

WOOD FINISH

ROOME LONDON uses expert joiners to craft and build each piece. Ash wood is given a dark lacquer finish which is hard-wearing and gives protection against moisture and spills. The finish emphasises the beauty of the grain and its natural beauty.

How to care for wood veneer?

- Use a dry clean cloth to dust regularly. ROOME LONDON does not recommend using any polishing products or sprays.
- Wipe up any spills using a damp cloth, then use a dry cloth immediately after.
- Avoid putting any hot items on surfaces, use mats or coasters to protect from moisture and heat.
- Avoid any sharp objects that can chip the woodwork and finish.

BRASS COATED FRAMES

ROOME LONDON's master craftsmen use raw steel which is intricately moulded for its handles, legs and frames. The steel is then covered in brushed brass, giving it a sleek and hard wearing finish.

How to care for brass coated steel frames?

- Wipe using a microfibre or soft cloth, wipe regularly handles and legs.
- Avoid using any chemicals, this can tarnish or strip the finish.
- Be mindful of any sharp objects scratching or denting surfaces.

PRINTED FABRIC

Elevating the time-honoured art of upholstery, ROOME LONDON uses a silk cotton blend fabric, which is a lustrous combination of both silk and cotton threads. The fabric is digitally printed with your chosen exclusive print and then expertly mounted by our experienced upholsterers into the brass coated steel frames.

How to care for your printed fabric?

- Keep the print out of strong sunlight for long periods. Print can fade in prolonged sunlight so be mindful of its positioning.
- If the fabric becomes wet, dry off with a soft cloth and leave to dry fully.
- Avoid scrubbing or using any chemicals that can stain.
- Avoid any sharp objects that can tear the fabric or cause laddering.

Our ROOME LONDON team is on hand to speak with regarding any advice or queries you may have. If you need any further details or to discuss other bespoke options, please don't hesitate to call us on 0203 282 7580.
