

## Introducing Force3 Series Diamond Chain

# FORCE3

DIAMOND CHAIN™

After a successful launch in Europe two years ago, we are now bringing Force3 to the rest of the world. A direct replacement for the TwinMAX 3/8 pitch chain you are used to purchasing, FORCE3 has proven to provide the same level of performance you have come to expect from TwinMAX, along with some new advantages.

All Force3 Diamond Chains contain patented SealPRO anti-stretch technology and have similar, time tested diamond segment formulations as our Twin Max chain. Designed to be used with the full line of ICS gas power cutters, these chains offer the ultimate combination of versatility and affordability. Available in three configurations to match your specific application and cutting challenges. Our FORCE3 standard chain has a rooftop segment design that opens up faster than the standard Twin Max version without sacrificing chain life. All FORCE3 diamond chains come in a full color box, that easily identifies the chain type and application.

Old P/N	Old Description	New P/N	New Description	2018 MSRP
10 inch/25 cm chain				
71493	TwinMax-25	584288	FORCE3 CHAIN, 50 DL (10 INCH/25 CM)	\$395.00
