

RIDE-ON POLISHING EQUIPMENT

ROPE

5' Ride-On Polishing Machine.

The ROPE machine has been designed to polish and refine concrete, terrazzo and stone. The ROPE system is a cost-effective method especially when compared to traditional machine polishing. It has the most power in its class while maintaining a quieter, smoother operation. This machine offers ease of transport, ease of operation and lots of power.

Ease of Operation

Benefit from our Quick Change system.

With an added set of 11" tool plates, grit changes are a breeze. Simply lift the machine with the integrated mobile lift function, slide out the square drive plates and pop off the current 11" tool plates and replace them with your additional preloaded ones.

Hammer Hook tool plate to attach ROPE Hammer Pad.

Easy Transport

5' & 850lbs

This lightweight yet powerful machine, is great for large jobs, and is also perfect for smaller jobs in tight spaces such as hallways or aisles. It can fit in an elevator or the back of an F150. The Integrated mobile lift function with 5" easy-rolling casters makes it easy to move by one person.

RIDE-ON POLISHING EQUIPMENT

Style # ROPE5R01

Includes:

- ROPE Machine
- Tool Drive Assembly
- 11" Tool Plate w/ 3 x 3" Velcro x8
- 11" Hammer Hook Plate x8
- Integrated mobile lift

Style # ROPE5PV3 (optional)

Includes:

- 11" Tool Plate w/ 3 x 3" Velcro x8

Time Saving Tip:

Improve efficiency by adding a set of eight 11" Tool Plates (#ROPE5PV3). Mount one grit on the machine plates and mount the next grit on the optional added plates to prepare for a quick change.

Powerful Performance

This machine harnesses lots of power with its 627cc Briggs & Stratton Vanguard motor backed by a 3-year warranty from Briggs & Stratton and includes an emissions data analyzer, Donaldson® intake filter, and propane power systems.

The ROPE includes a heavy-duty transmission, heavy duty centrifugal clutch and tach/hr meter for tracking maintenance. Field tests to have demonstrated production rates of up to 4000 sq. ft. per hour.

The ROPE machine features a splash guard, undercarriage plate, 4 LED working lights, USB port and wall roller guides.
