PATTERN NOTES
There is nothing quite as calming as relaxing on the sandy shore of a lake and listening to the water hitting the shore. It's even better on cool mornings with a shawl wrapped over your shoulders to add a touch of warmth and comfort. These are the feelings that inspired Sandbar – an exquisite shawl crocheted in organic Cottonwood.

Sandbar begins in the center with a decorative circular motif that is squared off. The wings are crocheted outward from two sides of the squared motif and a picot border is applied to the lower edges of the shawl.
