PATTERN NOTES

Simple and soothing, the Succulent Scarf is the perfect project for celebrating the autumn season. We've chosen a duo of botanically-inspired colors for this design, but with a wide array of self-shading colors in the Classic Shades palette, we can't wait to see what colors you choose!

This scarf is worked flat in one piece. The pattern is both written and charted for your convenience. Cut yarn after each color change. To save time in finishing, weave in the ends as you go. At the end of each wrong-side row, finish the last step of each stitch with the next color.
