## **PATTERN NOTES**

Project is knit with 4 strands held together.  
Wind the hank of yarn into 2 center-pull balls of yarn, and then take 1 strand each from center and outside of each ball.

## **WALL CANDY**

With yarn held quadrupled and larger ndls, cast on 23 sts. Work in St st (knit on RS rows, purl on WS rows) until piece meas 10" When slightly stretched. Bind off all sts.

## **FINISHING**

With 1 strand of yarn and smaller circ ndl, pick up and knit stitches all the way round the perimeter of the square. The number of stitches is not crucial – 1 stitch for each stitch and row is sufficient. Break yarn leaving 6" tail.

Cut a piece of thick wire, 44" long. This should be 4 x the length of each side of the frame opening, plus an extra 2" on each end. Bend one end at a 90 degree angle, 2" from the end. Then bend the wire at 90 degree angles every 10", checking for fit inside the frame opening as you go. Bend the last 2". Transfer the live stitches from the circular needle onto the wire, sliding as you go. Once all the stitches are transferred, even them out and secure the ends of the picked up stitches. Overlap the 2" ends. Place this newly framed knitting inside the wood frame. Secure with small tacks or nails.
