

HALEEZY

Evaluation of Haleezy tablets - a poly herbal formulation in the management of Bronchial Asthma

Publication: IJCP Vol 15 (9) - Feb 2005 pp 50 - 53..... conducted by Dr. K.C. Mohanty

An open label trial was conducted by Dr. K.C. Mohanty and his team at Department of Tuberculosis and Chest Diseases, K. J. Somaiya Hospital on 47 patients with bronchial asthma aged between 15-65 years. Haleezy tablet was administered as 2 tablets twice a day for a period of 1 month.

Clinical improvement was observed in 95% of patients with increase in PEF (Peak Expiratory Flow Rate).
