

2019 Dealer Advantage

DEALER FOCUSED

Above all else, our entire team is ready to support dealers. We understand just how important dealers are to the success of our company, and we aim to make life as easy as possible. Text, call, email, whatever you need, let us know and we'll make sure you're taken care of.

PROVEN PRODUCT

Nothing matters more than the product. We have developed premium products that we are ready to stand behind. We would never ask you to associate your brand with anything other than the best, and we truly believe we provide the best products on the market.

NO MINIMUM ORDERS

Want to order just one turbo system? No problem. We stock inventory in our warehouse, so you don't have to.

100% BUY-BACK

Make sure you've got the inventory you need to be successful. If you don't move the product, we'll buy it back, no questions asked.

DROPSHIP WITH FORCE

We can fulfill your orders straight from our facility in West Valley City, UT. Sell our products without the hassle of stocking inventory.

FINANCING AVAILABLE THROUGH AFFIRM

If any of your customers would like financing on their system, we can provide that. We can give you a dealer code, your customers can enter that on our website, and you'll make your full margin.

ELEVATED MARKETING

We have a marketing team in place ready to direct customers to you. We never undercut our dealers, and we prefer that our products are bought through our dealer network. From brochures and marketing materials, to digital marketing and social media strategies, we are ready to work together to move product.

TECHNICAL SUPPORT

We have technicians available to make sure your staff is up to speed when it comes to installation and service on our products. From installation videos, email correspondence, or live technical support, we'll do whatever's necessary to support your team.
