# Java Barstool Assembly Instructions

← Front is Higher

Step 1: Place seat onto the legs with the higher part of the legs towards the front

Step 2: Align pre-attached bolts on seat with holes on metal legs

Step 3: Fasten the washer and metal nut onto each bolt securely. Use a spanner to tighten.

**IMPORTANT, RETAIN FOR FUTURE REFERENCE: READ CAREFULLY**

Maintenance Instructions -To minimise the risk of injury, regularly check all the parts to ensure that they are well fixed and tighten if necessary.
