

Pastel Pencils and Blocks

Derwent Pastel Pencils provide the colourful brilliance of the pastel medium in a convenient, easy to use woodcase. They can be mixed and blended just like conventional pastels but offer greater control for more detailed work. Available in 90 stunning colours, Derwent Pastel Pencils can be used wet or dry, and work beautifully with other media.

Derwent Pastel Blocks offer the traditional beauty of pastels in a firm, smoothly textured pastel block. The square shape is ideal for creating broad, sweeping strokes or crisp lines, simply by using the pastel on its side or short edge. Produced in a range of 36 vibrant colours, Derwent Pastels are easy to mix and blend, especially with the unique Derwent blender.
