Placing an Order

Orders can be placed by any one of the following options:

Fax: (323) 432-7779 or (323) 432-4777
E-Mail: opaez@wesleyallen.com or emarbury@wesleyallen.com

Mail to: Wesley Allen, Inc.
Attn: Order Dept.
1001 East 60th Street
Los Angeles, CA 90001

To ensure that our product is manufactured to your specifications timely and accurately, it is imperative that you include all necessary information with your order. Your order must provide the product name, style number, item configuration, size, finish, and any special instructions for fabric or C.O.M. Also, clearly note any sidemarks you desire to be shown on the shipping labels.

Customer Own Material (C.O.M.)

Create custom furniture with Wesley Allen Customer's-Own-Material (C.O.M.) service. This service lets you combine your choice of fabrics with the style of a Wesley Allen design, giving you the ultimate in decorating versatility.

C.O.M requests have an upcharge per item.

How it Works

- Choose one of our quality fabrics or send us one of your own. Please remember that all C.O.M. furniture is made to order. Therefore, these items are non-returnable and non-cancellable.

- C.O.M. requests have an upcharge per item: Stool \$20 / Chair \$20

How to Order

We must have the order form before we can proceed with your order. Please cut a small swatch of your material (at least one square inch) and staple it right side up to your order form. In the unlikely event that your material and order form become separated, this will assist us in locating your fabric. If your fabric and order form will be sent to us in separate packages, please indicate so on your order form. On the mailing label of the package in which you send your fabric, please write "Attention COM Department," and include your name, return address, AND PO#. NOTE: FABRIC MUST BE SENT BY OUR CUSTOMER DIRECTLY TO WESLEY ALLEN. THE CUSTOMER'S FABRIC SENT BY VENDOR WILL NOT BE ACCEPTED AS WESLEY ALLEN CANNOT GUARANTEE THE FABRIC SENT BY THE VENDOR IS THE FABRIC CHOSEN BY OUR CUSTOMER.

Selecting Your Fabric

To ensure the quality of the finished product, please follow the guidelines below for selecting fabric - Fabric must be at least 54" wide, railroaded. All fabric must be continuous yardage; we cannot accept multiple pieces of material. Before sending your fabric to us, please inspect it for flaws. Because inadequate fabric will delay your order and excess fabric cannot be returned, please measure carefully. All fabric must be sent on a roll, not folded. Yards required (For COM please refer to the catalog)

If you have any questions about the suitability of your fabric choice, please email info@wesleyallen.com or call (323) 231-4275.

Fabric Care

Cleaning Code | **WS**

Spot clean with upholstery shampoo, foam from a mild detergent, or mild dry cleaning solvent. Pretest a small inconspicuous area before proceeding. Do not saturate. Pile fabrics may require brushing with a non-metallic, stiff bristle brush to restore appearance. Hot water extraction or steam cleaning is not a recommended cleaning method. Cushion casings should not be removed and laundered or dry-cleaned. To prevent overall soiling, frequent vacuuming or light brushing with a non-metallic, stiff bristle brush to remove dust and grime is recommended. When cleaning a spill, blot immediately to remove spilled material. Clean spots or stains from the outside to the middle of affected area to prevent circling. **Use a professional furniture cleaning service when an overall soiled condition has been reached.**

Cleaning Code | **S**

Spot clean only with a water-free dry cleaning solvent. Pretest a small, inconspicuous area before proceeding. Do not saturate. **DO NOT USE WATER.** Pile fabrics may require brushing with a non-metallic, stiff bristle brush to restore appearance. Cushion covers should not be removed and dry-cleaned. To prevent overall soiling, frequent vacuuming or light brushing with a non-metallic, stiff bristle brush to remove dust and grime is recommended. When cleaning a spill, blot immediately to remove spilled material. Clean spots or stains from the outside to the middle of the affected area to prevent circling. **Overall cleaning by a professional furniture cleaning service only is recommended.**

Cleaning Code | **W**

A clean cloth, dampened with the appropriate cleaning solution, should be applied to the affected areas as soon as possible. Blot the fabric with the treated cloth, working from the outer edge of the stained area and moving in toward the center. In order to effectively draw out the stain, renew the cleaning cloth as often as necessary to maintain an absorbent surface.

Clean all stained areas as soon as possible in accordance with the recommended stain removal procedures. Spot clean with upholstery shampoo, foam from a mild detergent, or mild dry cleaning solvent. Hot water extraction or steam cleaning is not a recommended cleaning method. Clean spots or stains from the outside to the middle of the affected area to prevent circling.

1. Soap and water
2. Difficult stains use Fantastik® or Formula 409®
3. Disinfects with 5:1 water / bleach solution.
