ENG Attention! **UKR** Увага! **DEU** Achtung! **FRA** Attention!
POL Uwaga! **SPA** Atención! **ITA** Attenzione!

ENG Do not set fire to it! **UKR** Не підпалювати! **DEU** Nicht anzünden!
FRA Ne pas allumer! **POL** nie podpalać! **SPA** No prender fuego! **ITA** Non dare fuoco!

ENG Caution! Sharp parts! **UKR** Обережно! Гострі деталі! **DEU** Vorsichtig!
Scharfe Details! **FRA** Attention Détails tranchants! **POL** Uwaga! Ostre
szczegóły! **SPA** Cuidado! Piezas cortantes! **ITA** Attenzione! Dettagli nitidi!

ENG Recommendation: if you have difficulty in connecting parts, treat toothpicks with paraffin. **UKR** Рекомендація: якщо виникли складнощі при скріпленні деталей, обробіть зубочистки парафіном. **DEU** Empfehlung: Wenn Sie Schwierigkeiten haben, Teile zu verbinden, behandeln Sie Zahnstocher mit Paraffin. **FRA** Recommandation: si vous avez des difficultés pièces de fixation, traitez les cure-dents avec de la paraffine. **POL** Zalecenie: jeśli masz trudności z połączeniem części, obsługiwać wykałaczkę parafiną. **SPA** Recomendación: si tiene dificultades para fijar piezas, trate mondadientes con parafina. **ITA** Raccomandazione: in caso di difficoltà nel fissare le parti, trattare gli stuzzicadenti con paraffina.

ENG The assembling of constructor does not require to use glue. **UKR** Конструктор не вимагає застосування клею. **DEU** Für die Montage des Konstruktors ist kein Klebstoff erforderlich. **FRA** Aucune colle n'est nécessaire pour monter le constructeur. **POL** Montaż konstruktora odbywa się bez kleju. **SPA** El montaje constructor no requiere el uso de pegamento. **ITA** L'assemblaggio non richiede l'uso di colla.

ENG Fragile details! Be careful when removing the constructor from the card! **UKR** Крихкі деталі! Під час вилучення конструктора з карти будьте обережні! **DEU** Zerbrechliche Details! Seien Sie vorsichtig, wenn Sie den Konstruktor von der Karte entfernen! **FRA** Détails fragiles! Faites attention en retirant les éléments de la construction de la carte! **POL** Kruche szczegóły! Przedmioty należy wyjmować z karty ostrożnie! **SPA** Detalles frágiles! Sea prudente al sacar elementos de mecano del tarjeta! **ITA** Dettagli fragili! Gli elementi vanno estratti dalla scheda con cautela!

ENG All elements that interlock must be sanded with sandpaper and greased with paraffin. **UKR** Всі елементи, що входять у зачеплення необхідно зачистити наждачним папером і змастити парафіном. **DEU** Alle eingreifenden Teile müssen mit Sandpapier gereinigt und mit Paraffin eingefettet werden. **FRA** Il faut nettoyer tous les éléments de l'accrochage à l'aide du papier-meri et les traiter avec de la paraffine. **POL** Wszystkie zaczepione elementy należy oczyścić papierem ściernym i nasmarować parafiną. **SPA** Todos los elementos que se enganchan deben limpiarse con papel de lija y engrasarse con parafina. **ITA** Tutti gli elementi agganciati devono essere puliti con carta vetrata e ingrassati con paraffina.

ENG Spare parts. **UKR** Запасні деталі. **DEU** Ersatzteile. **FRA** Pièces de rechange. **POL** Części zamienne. **SPA** Repuestos. **ITA** Pezzi di ricambio.

1

ENG Auxiliary tool for assembling or measuring distances. **UKR** Допоміжний інструмент для збірки або вимірювання відстаней. **DEU** Hilfswerkzeug zum Montieren oder Messen von Abständen. **FRA** Outil auxiliaire pour assembler ou mesurer des distances. **POL** Narzędzie pomocnicze do montażu lub pomiaru odległości. **SPA** Herramienta auxiliar para ensamblar o medir distancias. **ITA** Strumento ausiliario per l'assemblaggio o la misurazione delle distanze.

ENG Cut off a toothpick. **UKR** Відрізати зубочистку.
DEU Schneiden Sie einen Zahnstocher ab. **FRA** Couper la cure-dent. **POL** Odetnij wykałaczkę. **SPA** Cortar un palillo de dientes. **ITA** Tagliare lo stecchino.

ENG Break off from both sides. **UKR** Обламати з двох сторін.
DEU Brechen Sie einen Zahnstocher auf beiden Seiten ab.
FRA Casser un cure-dent des deux côtés. **POL** Oblomaj wykałaczkę po obu stronach. **SPA** Romper un palillo de dientes en ambos lados. **ITA** Rompere uno stecchino su entrambi i lati.

ENG Remove burrs. **UKR** Видалити задирки. **DEU** Niednägel entfernen. **FRA** Enlever les bavures. **POL** Usuń zadziory. **SPA** Quitar rebabas. **ITA** Eliminare le bave.

ENG The part must rotate freely. **UKR** Деталь повинна вільно обертатися. **DEU** Das detail muss sich frei drehen.
FRA L'élément doit tourner librement. **POL** Część powinna swobodnie obracać się. **SPA** La pieza debe girar libremente. **ITA** Il dettaglio deve ruotare liberamente.

ENG Lubricate with paraffin. **UKR** Змастити парафіном.
DEU Mit dem Paraffin schmieren. **FRA** Lubrifier à la paraffine.
POL Nasmaruj parafiną. **SPA** Lubricar con parafina. **ITA** Lubrificare con paraffina.

ENG Assembly in mirror reflection. **UKR** Збірка в дзеркальному відображенні. **DEU** Montage in spiegelreflexion.
FRA Assemblage en réflexion spéculaire. **POL** Montaż w odbiciu lustrzanym. **SPA** Montaje en reflexión especular. **ITA** Assemblaggio in riflessione speculare.

ENG Design kit can be tightly connected in some places, so that the assembled model has solidity and reliability. We recommend using pliers and box cutter for a more convenient design kit assembly. **UKR** Конструктор може в деяких місцях туго з'єднатися, для того, щоб зібрана модель мала міцність та надійність. Для більш зручної збірки конструктора, рекомендуємо використовувати плоскогубці та канцелярський ніж. **DEU** Der Konstruktor kann an einigen Stellen keine gute Verbindung herstellen, so daß das zusammengebaute Modell eine ausreichende Festigkeit und Zuverlässigkeit aufweist. Für eine bequemere Montage des Konstrukteurs empfehlen wir die Verwendung einer Zange und eines Schreibwarenmessers. **FRA** Le jeu de construction peut être étroitement connecté à certains endroits, pour que le modèle assemblé soit solide et fiable. Pour un assemblage plus pratique de jeu de construction, nous vous recommandons d'utiliser une pince et un couteau à papeterie. **ITA** Le jeu de construction peut être étroitement connecté à certains endroits, pour que le modèle assemblé soit solide et fiable. Pour un assemblage plus pratique de jeu de construction, nous vous recommandons d'utiliser une pince et un couteau à papeterie. **SPA** Le jeu de construction peut être étroitement connecté à certains endroits, pour que le modèle assemblé soit solide et fiable. Pour un assemblage plus pratique de jeu de construction, nous vous recommandons d'utiliser une pince et un couteau à papeterie. **POL** Le jeu de construction peut être étroitement connecté à certains endroits, pour que le modèle assemblé soit solide et fiable. Pour un assemblage plus pratique de jeu de construction, nous vous recommandons d'utiliser une pince et un couteau à papeterie.

ENG Warning! For the correct operation of this model, it is necessary to clean carefully and to lubricate all rubbing parts with paraffin during assembly. All mechanisms must rotate freely. **UKR** Увага! Для коректної роботи даної моделі, необхідно при збірці ретельно зачищати, змащувати парафіном усі деталі, які труться. Усі механізми повинні вільно обертатися. **FRA** Attention ! Pour le bon fonctionnement de ce modèle, il est nécessaire lors du montage de nettoyer et lubrifier soigneusement toutes les pièces à friction avec de la paraffine. Tous les mécanismes doivent tourner librement. **SPA** ¡Atención! Para el funcionamiento adecuado de este modelo a la hora de ensamblaje se recomienda alisar y lubricar cuidadosamente con parafina todos los detalles frotantes. Todos los mecanismos deben girar libremente. **ITA** Attenzione! Per il corretto funzionamento di questo modello, durante il montaggio, è necessario pulire e lubrificare accuratamente tutte le parti di sfregamento con paraffina. Tutti i meccanismi devono ruotare liberamente. **DEU** Hinweis! Für einen korrekten Betrieb dieses Modells ist bei dem Zusammenbau erforderlich, alle Reibteile sorgfältig auszuschrägen und mit Paraffin zu schmieren. Alle Bauteile sollen sich frei drehen. **POL** Uwaga! Aby ten model działał prawidłowo, podczas montażu wszystkie detale trące muszą być dokładnie oczyszczone i nasmarowane parafiną. Wszystkie mechanizmy muszą się swobodnie obracać.

ENG Start the mechanism. **UKR** Звести механізм. **DEU** Starten Sie den Mechanismus. **FRA** Démarrer le mécanisme. **POL** Zapusc mechanizm. **SPA** Dar vuelta el mecanismo. **ITA** Avvia il meccanismo.

ENG Note! **UKR** Звернути увагу!
DEU Aufgepasst! **FRA** Faites attention!
POL Uwaga! **SPA** ¡Presta atención!
ITA Presta attenzione!

ENG Wide rubber band. **UKR** Широка резинка. **DEU** Breites Gummiband. **FRA** Large bande élastique. **POL** Szeroka gumka. **SPA** Banda de goma ancha. **ITA** Ampio elastico.

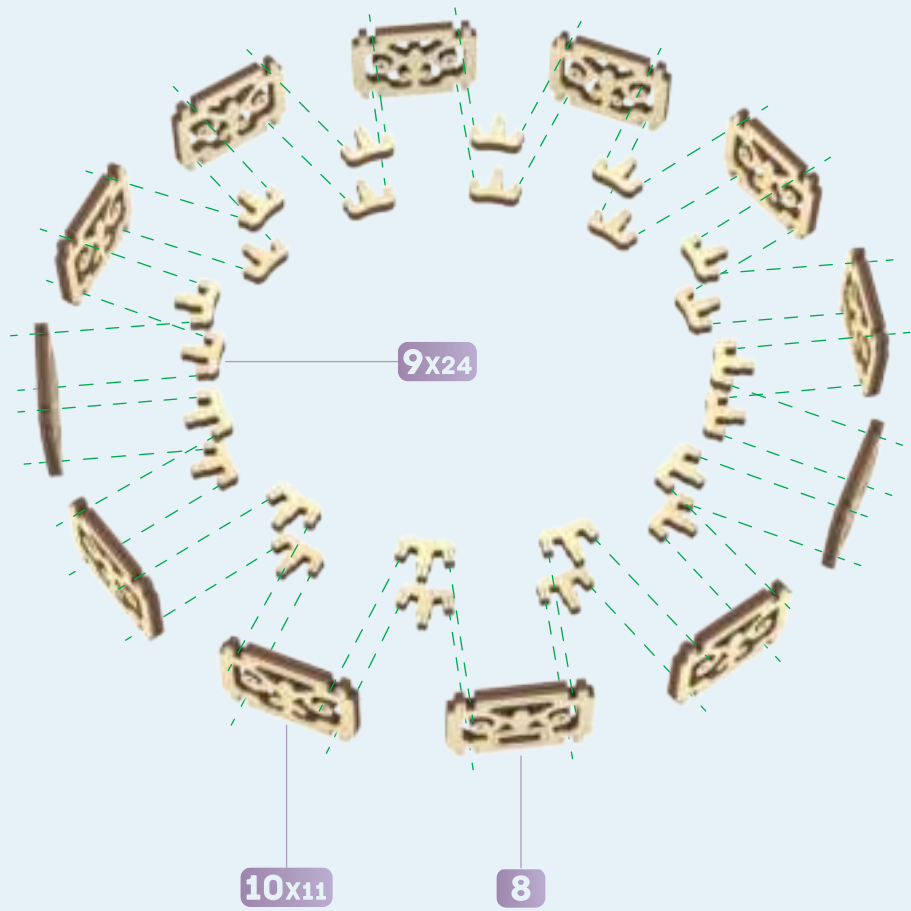

ENG Assembly is completed. **UKR** Збірка закінчена. **DEU** Montage abgeschlossen. **FRA** Assemblée terminée. **POL** Montaż zakończony. **SPA** Ensamblaje completada. **ITA** L'assemblaggio è finito.

ROUND-AND-ROUND ROUND-AND-ROUND ROUND-AND-ROUND

Some of my fondest childhood memories are those of going to the amusement park. Sweet ice cream, children's laughter, and cheerful music all around. The main joy of every visit to the amusement park was the opportunity to ride the carousel. We have created a model of a carousel, so that you can remember the joyful moments of your childhood by assembling it with your family.

WHAT IS THE ORIGIN OF THE CAROUSEL?

In the 16th century, the word "carousel" had a different meaning. It referred to festivals that replaced jousting tournaments. Later, in the 18th century in France, the first analogs of the modern carousel appeared— rotating platforms with wooden horses. That is why a horse is often the main character of modern carousels.

THE CITY OF CAROUSELS

... is one of informal names of Paris. About 30 carousels are in this city. Moreover, in the run-up to the Christmas holidays across the city even more carousels with wooden horses are installed. All these Parisian carousels were the inspiration for this model.
