

Keycult Commission Price Sheet

Updated: January 8th, 2020

No. 1 TKL, 60, 65:

- All aluminum: \$2,100
- Brass & stainless steel mid (sandblasted): \$2,400
- Brass & stainless steel mid (polished): \$2,700

No. 2 TKL:

- All aluminum: \$2,400
- Brass & stainless steel base (sandblasted): \$3,600
- Brass & stainless steel base (polished): \$3,800

PVD coating (stainless steel parts only): \$800

Design modifications: Designs can be modified for an additional fee. Price for modifications will be given on a case-by-case basis.

Engravings: Simple engravings (like names or a small logo) are easy to do and do not add to the price of the commission

Materials: Other materials (titanium, copper, polycarbonate, etc) are possible, but are very uncommon and subject to variable pricing. We will price these on a case-by-case basis.

Build services: We've worked with two builders in the past [TaehaTypes](#) and [OfTheWild](#) (local to us). They both do amazing work and we can coordinate with them to have your commission built.
