PROCHOICE V9 UNVENTED HARD HAT

PRODUCT CODE: HH9

DESCRIPTION

After years in development, the ProChoice Safety Gear V9 Hard Hat challenges traditional head protection with a great looking, low profile, ergonomic design that won't make you look like you are wearing a "skid lid"

FEATURES & BENEFITS

- Un-vented, protecting from overhead and airborne hazards that would normally enter vents
- Angled peak deflects rain from wearer in extreme weather
- Built in sweatband for added comfort
- Easy locking system for fast on/off application
- Compatible with all ProChoice hard hat accessories
- Webbed harness cradling system designed to ensure correct hat position, and promotes ventilation
- Low profile, light weight design

STANDARDS

ASNZS 1801:1997 Occupational Protective Helmets

HARD HAT PRINTING SERVICE

The need to distinguish workers in various occupations on a work site can be for safety or convenience.

For example, having a safety officer readily identified by the colour of their hard hat can improve efficiencies; while being aware of who is a visitor or sub-contractor can improve security.

To further enhance these advantages, ProChoice now offers a pad printing & a vinyl printing service that can customise hard hats - before a customer takes delivery.

Speak to your ProChoice sales representative about adding value to your hard hat sales by utilising our pad printing or vinyl cut print service.
