- 6 point 25mm webbing ratchet harness.
- Quick & easy single hand adjustment ratchet whilst wearing the helmet.
- Padded swivel feature for advanced positioning on back of the head.
- Replacement harness code: HHR-V9

CARE INSTRUCTIONS

Upon issue, wearers name & date of issue should be printed on the label provided. Pro Choice Safety Gear hard hats should be inspected for any deterioration or damage prior to use. Pro Choice Safety Gear hard hats with excessive damage (cracks, colour distortion or deep abrasions) should be disposed of.

Entire hard hat, including harness, should be cleaned with warm soapy water (avoid any solvents) on a regular basis & sweatband replaced.

Industry recommends hard hat shell be replaced after 3 years of working life. Components of the hard hat harness may deteriorate during its normal working life, & as a result the harness should be replaced at intervals no longer than 2 years.

To extend your hard hat working life, avoid excessive exposure to UV & any solvents

Size:	53cm - 66cm

HARD HAT PRINTING SERVICE

The need to distinguish workers in various occupations on a work site can be for safety or convenience. For example, having a safety officer readily identified by the colour of their hard hat can improve efficiencies; while being aware of who is a visitor or sub-contractor can improve security.

To further enhance these advantages, Pro Choice now offers a pad printing & a vinyl printing service that can customise hard hats before a customer takes delivery.

Speak to your Pro Choice sales representative about adding value to your hard hat sales by utilising our pad printing or vinyl cut print service.
