

## BOSTON THROTTLE BODY AND CARBY CLEANER

### Description

Boston Throttle Body and Carby cleaner rapidly removes varnish, oil, gum, sludge and carbon deposits. Dries quickly without leaving a film.

### Application

Can be used on Carburettor exteriors, Choke valves, EGR and PCV valves, throttle bodies, combustion chambers, linkages and heat-riser valves.

### Directions

Use in a well-ventilated area. With the engine cold and ignition off, spray onto the throat of the carburettor until the choke valve and other surfaces are clean. Start engine and then while revving the engine, spray into float chamber vent. Stop engine and then spray the exterior of the carburettor.

### Storage/Shelf Life

Store in a cool place out of the sun.  
Do not store above 50°C

### Specification

Propellant: Hydrocarbon

### Health & Safety

Aerosols should be completely empty before disposing. Recycle can if facility available or place in household rubbish. Always use in a well-ventilated area and avoid prolonged breathing of vapours. If sprayed in eyes flush with water.

### Limitations

Protect painted surfaces from overspray. If contact with painted surfaces is made, wash off immediately with water. Do not spray on hot surfaces or whilst engine is running. Do not spray on electrical items.

### Packaging

350-gram aerosol can  
12 units per outer carton  
1728 full pallet

### First Aid

Please refer to the Safety Data Sheet which is available at [www.cwbrands.com.au/](http://www.cwbrands.com.au/)
