PFOA & PTFE FREE

Prepare delicious homemade crêpes at home with Euro Cuisine! This 12-inch crêpe maker and griddle works on any counter top to create light and delicate crêpes rolled with your favorite savory or sweet ingredients! Our grill top is made from an eco-friendly non-stick PFOA and PTFE-free ceramic coating, perfect for safely making crêpes, pancakes, egg omelettes and other delicious grilled foods. Fast heating surface with adjustable temperature control allows you to choose from multiple heat settings for light or dark browning. Additional accessories include batter spreader, crêpe turner, and ladle for everything you need to get started right out of the box. Built-in power and ready indicator lights let you know when the unit is on and hot for safe and easy operation.
