

## Thermometer with Clip

Make yogurt at home efficiently and quickly with this clip on thermometer with stainless steel stem. Instantly displays temperatures from 60° - 220° degrees F (20° - 100° degrees C). Thermometer can be easily calibrated.

Contains: Thermometer with stainless steel stem, clip, and storage sleeve

## Cotton Cheese Making Bag

Enjoy creamy yogurt cheese, Greek yogurt, and delicious spreads made right in your kitchen. Yogurt cheese is low in calories, sodium, lactose, and cholesterol. Its mild flavor is perfect for cooking and quickly takes on the flavor of the food it is mixed with. Blend with jam, fruit, or peanut butter, or top with herbs and spices to create wonderful spreads and appetizers. Also use for storing coffee beans, fruits, vegetables, and more.

Contains: One 12 in. x 12 in. Cotton Bag with drawstring

## Yogurt Maker Expansion Tray

Now you can make up to 14 jars of yogurt in every batch with the Euro Cuisine Yogurt Expansion Tray system. Simply place this tray on top of your Euro Cuisine Yogurt Maker to add space for an additional 7 jars of yogurt. Sized for use with Euro Cuisine Yogurt Maker Models YMX650, YM100 and YM80 (see top panel for additional details). Additional glass jars sold separately.

Contains: One Expansion Tray with 7-jar capacity
