

6.5" x 6.5" trimline

THANK YOU FOR YOUR PURCHASE OF
SENSOR BRITE FLEX™

INSTRUCTIONS/USER MANUAL:

PLEASE READ THIS
MANUAL BEFORE USING
THE SENSOR BRITE FLEX™.
FOR BEST RESULTS
FOLLOW THESE
INSTRUCTIONS CAREFULLY.

AUTO MODE:

Placing multiple lights near one another is not recommended since the built-in light sensor allows the light to come on only in a dark environment. The light casted from one light may cause other light to not come on.

ONCE BATTERIES ARE INSTALLED, SENSOR BRITE WILL ONLY COME ON WHEN IN DARKNESS IN AUTO MODE.

INSTRUCTIONS FOR USE:

1. Remove back plate by pulling it off the unit.
The plate is magnetized to the unit. (FIG 1).
2. Slide the battery cover down to reveal the battery compartment. (FIG 2).
3. Insert 3 AAA batteries according to polarity markings (+ / -)
4. Reattach battery cover.

TO ATTACH TO WALL AND OTHER SURFACES

1. Carefully clean the surface area where the back plate is going to be adhered to.
2. Peel and remove the protective layer of the tape from the back plate.
3. Apply the back plate to the desired surface and apply pressure for 5 to 10 seconds to ensure secure application. Install onto smooth flat surface.
4. The unit now can be placed on the back plate and the magnetized back will hold it in place.

WARNING - Painted surfaces may be damaged upon removal of the peel & stick adhesive on back plate. Use care when removing back plate from surface.

TIP ON REMOVING ADHESIVE PLATE - Use a fine string or dental floss and work it between the adhesive and the surface using a back & forth motion to saw through the adhesive bit by bit. Then use rubbing alcohol to remove any sticky mess remaining on surface.

NOTE: The unit does not need the back plate when applying directly to metallic surfaces - the magnetized back of unit will adhere to metallic surface.

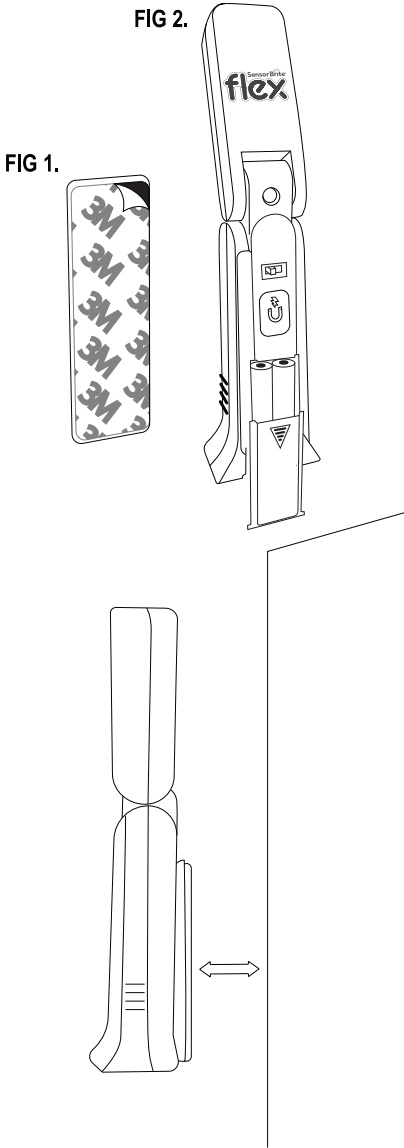

ADDITIONAL INFORMATION:

IN AUTO MODE - The built-in motion sensor will detect movement from up to 10ft and will automatically turn on the light when dark. The light will turn off automatically after 20 seconds when no motion is detected.

IN ON MODE - the light will remain on
IN OFF MODE - the light will not go on

Intended for indoor use.

Do not use in wet areas or submerge in water

TO CLEAN: Wipe with damp cloth. Do not use harsh chemicals to clean.

CAUTION: When applying to wall, ensure the mounting area surface is not in an area that has heavy vibration or on moveable area such as a door surface. This can cause the unit to lose the hold and fall off.

WARNING: DO NOT LOOK DIRECTLY INTO THE LIGHT WHEN IT'S ON-VISION MAY BE IMPAIRED.

BATTERY CARE, USE, & DISPOSAL TIPS:

- Use correct size batteries as per specifications. Insert batteries correctly, with the + and - terminals aligned properly.
- Do not mix old with new batteries for optimum performance.
- Do not mix different types of batteries (for example Alkaline with Zinc Chloride, or rechargeable in same device).
- Recycle batteries as per your local area guidelines.
- Never dispose Batteries in fire as they could explode.
- For more information on battery responsibility go to: www.batteryresponsibility.org

WARNING: This product contains Magnets. Can be harmful to those who have a Pacemaker, Defibrillator or other medical implants. Failure to follow warning can result in serious injury.
