

United WE Stand Against COVID-19. #uwsac19

Super specials

Dear Flavorians,

We love you all and we like all of you to be in good health and thrive under any conditions.

We consider ourselves as your front line of defense - United WE Stand Against COVID-19.

We will do our part by making products more affordable without sacrificing the highest quality standards that we have. We do not add preservatives, sugar, or ice to anything we do.

Rest assured QUALITY will be always like that. We will collectively defeat COVID-19.

With everything going on with COVID-19, we would like to remind you all the importance of social distancing and how important it is to stay healthy during this time.

Please take advantage of our super specials [menu here](#).

Also as previously mentioned please continue to take advantage of reduced pricing by using our app on other items, not on the specials menu. No need to ask for a discount. We encourage to donate your savings to your favorite charities.

In addition to our Acai nice creams (acai base) which you can turn into bowls or shakes at home, stay tuned for another new product introduction, make your smoothies at home with our pre-packaged frozen fruits blends in a measured cup. Just add your favorite nut milk or juice and blend. Our creative juices are flowing at the god speed now. You need nutrition and we will get it for you.

Please refer to our [website](#) for the latest store hours. #uswsac19

Our latest addition in wellness line up.

Ohm Life, Harmonize Your Life! branded CBD products now ready.

As current research has shown, CBD based products bring relief to a variety of conditions affecting our daily lives. CBD works on the cannabinoid receptors which are involved in many physiological processes of our body located within the endocannabinoid system. The endocannabinoid system regulates cognition, pain sensation, appetite, memory, sleep, immune function, and mood among many other bodily systems. It can help with muscle and joint pain, anxiety, depression, insomnia, certain seizure conditions, and even cancer/chemotherapy-related nausea.

As always before taking any supplement it is important to talk to your medical practitioner. We can not provide any diagnosis or care.

Use code: "relax30" to save 30% entire order. The code will be turned off automatically after 10 discounts used. [Order here](#).

We got our first shipment of C B D based products. This was long-awaited. We have CBD oil tinctures for humans and our beloved PETS. We also have CBD

gummy squares, CBD face cream and pain reliever CBD balm. As always our prices in this space is super competitive. This will be sold from ohmlife.guru website. All sales will be final. We will not accept returns at these prices.

We are going to try to deliver to you in your home or office. These are scheduled deliveries and not on demand. You must order from this [delivery menu](#).

You can have juices, Almond milk, wellness shots, Acai bases to make Acai bowls or super fruit smoothies, our site made hummus, cilantro chutney, peanut butter, and CBD oil-based products.

You order by Sunday, 11 am for Monday delivery, by Tuesday, 11 am for Wednesday delivery and by Thursday, 11 am for Friday delivery.

We will offer free delivery with a minimum \$50 order. The whole family can have healthy meals together with this option.

On-demand deliveries are available for free on UBEReats and other platforms.

As a reminder, we've included some of the most important items you should be consuming right now. You will find them in our products.

Vitamin C is a water-soluble vitamin that plays a role in maintaining the health of the body's connective

tissue as well as acting as an antioxidant. Benefits of vitamin C may include protection against immune system deficiencies, cardiovascular disease, prenatal health problems, eye disease, and even skin wrinkling. You can find this crucial vitamin in Oranges, Strawberries, Mangoes, Kiwi, Pineapples, Pears, Beet, Green Leafy Vegetables, Ginger, and much more.

Vitamin E functions in antioxidant activity to help reduce the oxidative stress in our body. You can find Vitamin E in nuts and green leafy vegetables like spinach and kale.

Zinc is a cofactor required in the synthesis of DNA and RNA. Zinc mobilizes Vitamin A for the liver which is essential for normal immune function. There is also some scientific research on how Zinc acts in shortening the duration of a cold by 24 hours! Zinc can be found in spinach, kidney/pumpkin/flax seeds, peanuts, and whole grains!

Antioxidants reduce the effects of free radicals which play a major role in disease formation. Many health problems like heart disease and cancer have been linked to increased levels of oxidative damage and inflammation. Antioxidants protect healthy cells while halting the growth of malignant or cancerous cells. Great sources of antioxidants include goji berries, blueberries, dark chocolate, blackberries, and açai berries.

A shot of **turmeric** a day will surely keep you healthy! Turmeric has a power anti-inflammatory response and can tremendously help improve symptoms during allergy season.

Vitamin B12 contributes to the normal functioning of the immune system and also contributes to a reduction in tiredness and fatigue.

As always please remember to engage with us on Google, YELP, FB, Twitter and INSTAGRAM. Hit check in on FB, yelp, and leave reviews on google, yelp and fb. This will earn you points.
