

# What Does Bug Soother Do?

## Bug Soother Repels:

### Gnats

Very effective

We haven't yet met a gnat that Bug Soother can't repel - "Gnat-urally"! Enjoy the outdoors without becoming a gnat-feast.

### No-see-ums

Very effective

You can't see them, and they won't see you! Don't see them and don't feel them this year with Bug Soother.

### Sand fleas

Very effective

They're out for your blood, but they'll lose their appetite quickly once they get a whiff of Bug Soother!

### Black flies

Very effective

No more constant waving to get rid of those pests. Bug Soother will let you wave them goodbye once and for all.

### Mosquitoes

Effective

May require more frequent application and may need rubbed in. There are over 175 varieties of mosquitoes in the United States (over 3,000 worldwide). Bug Soother is effective for many people against many types of mosquitoes,

### And more!

Our customers have reported that Bug Soother can repel ticks, fruit flies, fleas, and more. We've even heard reports of Bug Soother shielding houseplants from Japanese beetles!

## Who Can Use Bug Soother?

### Outdoor Enthusiasts

When fishing, hiking, golfing, farming, getting yard work done or simply enjoying the sunshine, Bug Soother works in your defense by repelling the irritating insects that can cut short your time outdoors.

### Kids

Kids love the Bug Soother scent, and will probably want to wear it all the time, indoors and out! Bug Soother uses natural, non-toxic ingredients that are safe for your child's skin and respiratory system.

### Pets

Bug Soother helps to keep pets bug-free without harsh, irritating chemicals.

### Horses

Bug Soother is effective on horses and other livestock, providing a natural alternative to harsh chemical pesticides.

### Chickens

Use Bug Soother to protect your chickens from suffocating gnats and other harmful insects. Bug Soother is also effective on other fowl and small animals.

### Tigers

Yes, you read that right! One of our customers swears by Bug Soother to keep his tiger bug-free.
