

H2O NOW CHILLER

Under Bench Chilling Unit

The H2ONow Chiller by Aqua Cooler is an innovative drink system designed to sit out of sight and dispense chilled water on demand.

KEY FEATURES

- 5L/h chilled water output
- Simple to use, with automatic shutdown.
- Specifically designed for space-saving, under-bench installation.
- Fully insulated to achieve maximum energy efficiency.
- Easy filter replacement with a single twist.
- 12-months standard warranty.
- Full range of replacement parts.

The H2O Now Under Bench Unit is designed small to easily fit under your sink, saving you floor and bench space. The unit outputs 5L/h of chilled water and can be paired with an optional filter kit.

Aqua Cooler products are manufactured from the highest quality components supplied from the industry's leading suppliers and designed to run efficiently with low maintenance.

H₂O Now
