

SURFACE-MOUNTED BOTTLE FILLER & BUBBLER CONVERSION KIT

This refrigerated bottle filler is perfect for those high traffic areas. With a contactless, touch-free activation - there are no fears of cross-contamination in a touch sensitive environment.

KEY FEATURES

- Touch free, electronic automatic dispense
- Heavy-duty steel frame with a stainless steel finish
- Integrated bottle counter and filter monitor
- Built-in 100-micron strainer stops particles before they enter the waterway
- Large alcove to fit most sports bottles
- Energy-efficient LEDs illuminate alcove and aids bottle filling
- Built-in drain - no drip tray to empty
- Access through side panel for easy maintenance

Our surface-mounted bottle filler units offer refrigerated drinking water with touch-free, electronic automatic dispense mechanism. Perfect for high-volume applications, this fountain utilises R-134a refrigerant with a high-performing refrigeration system.

A 100-micron strainer stops particles entering the lead-free waterway and a heavy-duty galvanised steel frame making the unit extra durable. This bottle filler also comes with a built-in bottle counter, filter monitor and programmable time-out feature.

All Oasis bottle fillers are made with proprietary Freshfield technology. Freshfield harnesses the natural bacteria-fighting power of silver by infusing it into a poly compound on moulded parts of the alcoves.

Convert your existing Bubbler to a Surface Mounted Bottle Filler

Using our easy conversion kit (AC-NNEBFPG), existing bubbler infrastructure easily converts to a contactless bottle filler in the same style as the our refrigerated, compact surface mounted, contactless bottle filler. A simple upgrade, with maximum impact to your facilities drinking water offering.

Model Information (AC-PN8EBFY)	
Activation	Contactless (Infrared Sensor)
Sensor Coverage	Up to 5cm (approx.)
Filtration	Filter (optional), Built-in 100 micron strainer
Flow Rate	4.2 LPM
Drainage Type	Built-in drain. Removable drip-tray
Exterior	Antimicrobial ABS Plastic, Brushed Stainless Steel
Chassis	Heavy Duty Galvanised Steel
Dimensions	323(H) x 455(W) x 935(D)
Alcove Height	265mm
Net Weight	25.4kg
Power Supply	220-240V, 50/60 Hz
Cooling Performance	60LPH Below 10°C , 32°C Ambient, 27°C Inlet water
Total Current	0.1 A
Power Cons.	7 W
Country of Origin	Mexico
Warranty	1 Year Full, 2 Years Part Only
