711401 Uffington
Limited Quantity of 1800

Probably the most famous horse in England, the Uffington White Horse is more than 350 feet long and is approximately 3,000 years old. Located in Oxfordshire, England, it was created by digging massive trenches (some as deep as 3 and a half feet) that were then filled with crushed white limestone chalk – a massive undertaking! The rationale for why it was created remains unknown, but it is truly a sight to behold!
