

5TH August 2020

COVID-19 Stage 4 Lock-Down Restrictions

Point to Point Distributions will be continuing orders/shipping operations during the Victorian 6-week stage 4 lock down period commencing 11.59pm August 5, 2020.

All goods will continue to be shipped with either Startrack or Australia Post.

We will not be able to supply goods on a pick-up basis under any circumstances.

Our ability to continue operations during this Stage 4 lock-down is due primarily to our Australia wide customer base, many of which are essential services providers who must be able to get a continued supply of our goods and to permitted industries unaffected by the Victorian Stage 4 Lock-down.

Our classification is:

- **Telecommunication Services**

- **Wholesale Trade**
 - Safety Products Wholesaling**

Our administration office and warehouse facilities doors will be locked and only transport couriers delivering or picking up goods for delivery will be attended to on a contactless arrangement.

We have a COVID-19 safety plan in place and will be operating in compliance with the Victorian State Government COVID-19 guidelines.

Should you have any questions do not hesitate to contact us on 1300 882 182

Yours Faithfully

Peter Davis
