

Professional Skin Care System

Please read enclosed instructions carefully before usage.

Introduction

This facial/body cleaning system is a waterproof unit, which is ideal for usage when showering. It operates with 4 interchangeable attachments: body brush, soft face brush, medium face brush and pumice stone

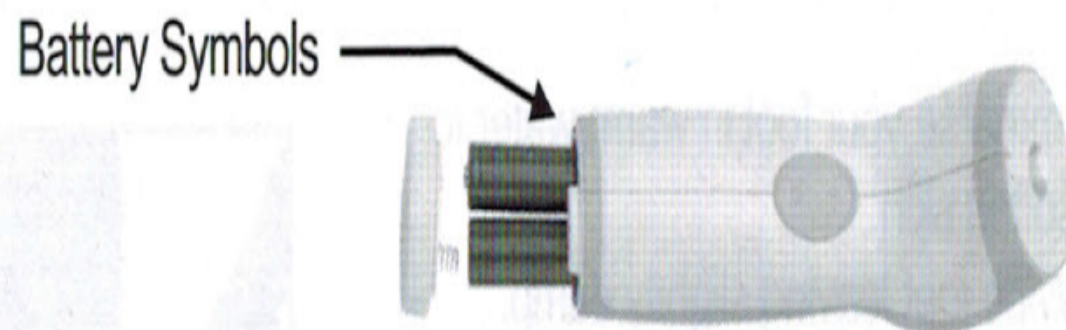

Preparing the unit for usage

Inserting the battery

*Please make sure that your hands are dry when inserting the batteries. The unit uses 4 AA batteries.

1. Turn unit with handle facing up; use a coin to open battery cover.
2. Pull off the cap. (Refer to following picture.)
3. Insert 4 AA batteries. ***Note:** Match battery's +/- symbols with the +/- marks on the main unit.
4. Replace battery cap, and turn lock with coin.

Using the Unit

Caution: Do not use on broken skin or areas of the skin with rash, severe acne or other skin ailments.

1. Use a headband to keep your hair away from brush head. Keep hair away from rotating brush to avoid hair getting tangled in brush.
2. Apply different applicators to the unit for different usage and press power button to begin treatment.

Face Brush: Soft and Medium:

The soft face brush is made of very soft bristles, specially designed for tender face skin. The medium face brush is for exfoliation. To achieve the best result, you should first clean your face, and then exfoliate.

1. Apply brush with your favorite cleanser.
2. Gently move the brush across your face while making circular movements.
3. Touch the brush on your face flatly, as shown in picture. Not on an angle.
4. **AVOID EYE AREA.**

Body Brush:

The Body brush is designed to be used on your hands and body.

1. Apply soap or cleaner on hands or body.
2. Then, gently move the brush on your skin surface in circles.

Pumice stone:

DO NOT USE PUMICE STONE ON FACE.

You can use a pumice on wet or dry skin, but wet tends to work best.

1. Immerse your foot in warm water to soften skin.
2. Wipe foot leaving slightly damp.
3. Apply pumice on foot and move in circular motions.
4. During rotation, pumice efficiently removes dead skin at elbow or under foot while brushes spin them away.
5. Apply lotion to help hydrate and prevent dry skin.

Cleaning and storing

Clean the unit and all applicators each time after usage.

Do not use any alcohol, acetone, petrol, abrasive cleaning agents etc, to clean the plastic parts.

1. Rinse brush heads with tap water. Max water temperature is 122°F.
2. To clean your brush bristles rinse with soap and water.
*Tip: If the bristles have become deformed, you can restore them to their original shape by rinsing the brush in warm water.
3. Use damp cloth to wipe clean any residue on unit.
4. Air-dry all the parts.
5. Hang unit from strap until next use.

IMPORTANT: If the unit is to be stored for an extended time, make sure to remove the batteries.

Maintenance and replacements

Replace the brushes every 2 to 3 months for good cleansing and exfoliation results. Replace the brush if the deformed bristles can no longer be restored to their original shape. Worn bristles will not effectively cleanse the skin. They could also irritate your skin.

New replacement heads are available at www.ToiletTreeProducts.com.

TOILETTREE WARRANTY

ToiletTree Products provides a 30 day, no risk, unconditional 100% Money-Back Guarantee. If you are not completely satisfied with your purchase, simply return it within 30 days with a dated proof of purchase and we will gladly refund your money, in full, no strings attached.

ToiletTree warrants this product to be free from all defects for a period of 1 year from the date of original purchase. This warranty does not apply to normal wear or damage due to accident, abnormal use, misuse or neglect. Any defective item will be replaced, at no charge, upon the reasonable confirmation by ToiletTree of its defective condition, if returned with proof of purchase to an authorized ToiletTree dealer or directly to ToiletTree Products Replacement, 517 Route 9W North, Upper Nyack, NY 10960. Neither ToiletTree nor any authorized ToiletTree dealer shall be liable for consequential damages arising from this warranty, unless otherwise provided by law.
