PERMANENT

Infiniti Permanent colour contains DAT2™ technology to simultaneously lift and deposit. This advanced technology with built-in lifting action enables reduced processing times and the use of lower developer strengths. Affinage Professional Infiniti offers an eclectic mix of over 100 colours from coffee hues, supreme blondes, vibrant reds and violets to rich coppers.

100ml

Contains:

UV Filter - Bees Wax - Cashmere - Silk Amino Acids
Pearl Extract - Rice & Milk Proteins - Green Tea

INFRARED

5 vibrant colours, .4 Copper, .526 Magenta, .6 Red, .62 Red Violet and .64 Red Copper. Create intense bright fashion effects in a single step. Built-in lift negates the use for high developer strengths, ultimately maintaining hair condition.
