

ELEANOR Pendant Light

ELEANOR Pendant Light is a reversible home decor and furnishings in praise of practicality, a lamp inspired by the reflections on the water, and redefined everyday spaces with light manipulations.

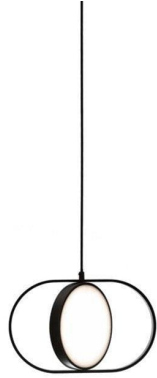

ELEANOR Pendant Light can rotate throughout the day as the light changes with passing the time, and it can go from direct to indirect depending on your needs. Not only does the light change, but the fixture's appearance does, too, with the round and crescent shapes evolving, much like the moon does.

The light can be adjusted to fit the desired mood

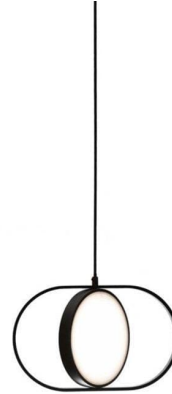

The rotation angle is unlimited due to a cordless electricity link between the parts.

Variants & Dimensions:

W31cm/12.2in*H19cm/7.5in

W43cm/16.9in*H27cm/10.6in

Dia 31cm x H 19cm / Ø 12.2" x H 7.5"

Dia 43cm x H 27cm / Ø 16.9" x H 10.6"

W27cm/10.6in*H43cm/16.9in

W19cm/7.5in*H31cm/12.2in

Dia 27cm x H 43cm / Ø 10.6" x H 16.9"

Dia 19cm x H 31cm / Ø 7.5" x H 12.2"

A minimal and elegant series of reversible pendant lights are designed to provide direct and indirect light by simply rotating the pendant's inner circle and was inspired by the moon.
