

## PW 345C

High performance, robust and purposeful design, and excellent results are the top features of this high-pressure washer, perfect for demanding jobs such as vehicles and stone walls. Aluminum telescopic handle and power cord storage with quick release make your transportation and storage convenient and easy. Two swivel functions, for nozzle adjustment and quick connection, prevent hassle. On-board accessory storage and hose reel make operation efficient. The metal pump secures a long product lifetime. Two nozzles and one foam sprayer are included.

**METAL PUMP**  
The pump is made of metal to minimise the risk of breakage and to give your product a long lifetime.

**LARGE AND ROBUST WHEELS**  
Easy movement on uneven ground is ensured by the large, soft-grip wheels, mounted on a metal axis.

**COMPACT**  
Aluminum telescopic handle and power cord storage with quick release make your transportation and storage convenient and easy.

**QUICK CONNECT WITH SWIVEL**  
The flexible hose is quickly and easily connected thanks to the swivel function – making your set-up fast.
