Metalog® Training Tools are <u>not</u> your typical team builders. Say goodbye to boring, ineffective training and engage your learners in new and impactful ways.

### **Use them for:**

- Teamwork
- Communication
- Leadership
- Change
- ✓ Diversity & Inclusion
- Icebreaking
- ✓ Trust
- Project Management
- ✓ And more...

## Why Metalog Tools?

#### **Engaging and fun**

Metalog tools are immersive in a way that removes reservations, boosts creativity, promotes dialogue, and makes people receptive to learning.

#### **Bridge builders**

The tools present metaphors for complex topics that are difficult to grasp, enabling learners to make meaningful connections with ease.

#### Versatile and easy

The tools come with detailed clear, instructions and videos that guide trainers to achieve a range of learning objectives with diverse groups.

#### **Authentic behavior**

The activities mirror real workplace experiences and bring about people's authentic behavior, paving the way for growth and development.

#### **Tangible results**

Metalog tools drive real, observable changes in team dynamics and effectiveness. The insights are immediate, yet deep and long-lasting.

#### **Quality materials**

Made in Germany using beautiful high-quality materials, the tools are designed to engage the senses to inspire learners and are built to last.
