

## Beginning Algebra

### Course Lesson Plan: 37 weeks

Welcome to Thinkwell's Homeschool Beginning Algebra! We're thrilled that you've decided to make us part of your homeschool curriculum. This lesson plan is meant to be a guide for you and your homeschool student. Each day, you'll tackle a different topic and all the materials associated with that topic, such as video lectures, exercises, notes, and sample problems. If you follow our day-by-day schedule, you'll complete the full curriculum for the course in 37 weeks. Feel free to modify and amend the plan as it best works for you. And, as always, please [let us know](#) what we can do to help get you up and running with Thinkwell's Beginning Algebra!

<b>Week 1</b>	
Chapter 1: Pre-Algebra Review
