ImmunoLin[®]

Did you know that individuals suffering from gastrointestinal problems, ranging from irritable bowel syndrome, Crohn's disease, Inflammatory bowel disease, chronic constipation, and diarrhea are at a much greater risk for developing **MOOD** • **MIND** • **MEMORY** issues. Supporting and promoting proper gastrointestinal integrity is key to a healthy nervous system. Scientists have discovered the amazing benefits that IgG offers those suffering from such challenges.

In addition, the gastrointestinal tract is also the very center of our immune system and with stress, aging, antibiotic use, poor diet your GI system begins to become inflamed and immune imbalanced, this is what is known as leaky gut syndrome. This vicious cycle plagues so many today in our modern world. Showing up as depression, anxiety, unresponsive weight gain, hormone issues, and much more. Ultra Pure IgG uses clinically proven and patented ImmunoLin[®] to bring back balance to your...

CUSTOMERS ARE SAYING:

I suffer from issues in my colon and have had a colostomy that fortunately was reversed 6 months later. Ever since then however, my digestive track has not been the same. My doctor advised that I take real good care of my gut and to make sure I used probiotics. When I researched this product, specifically the ImmunoLin ingredient, **I was amazed at all the studies I came across and how good this is for the gut.** I noticed that only after a few days of taking this product that I did not have near the need to get to a bathroom really fast which seems like a daily occurrence. I will definitely keep using this product and monitor my gut response. As other people have said, this product does not mix easily with cold water, so I stir it into my coffee. There is no discernible taste so that makes using this product even easier. So far, I am having really good luck and will continue to use the Brain Basics Ultra Pure IgG.
