

Nature-Cide®

Introducing Nature-Cide INSECTICIDAL DUST!

Features & Benefits:

- All Natural
- Made in the U.S.A.
- Light, Pleasant Aroma
- Registered with the EPA in the state's that require it
- Specially formulated 25(b) "minimum risk" Insecticidal Dust
- Kills bed bugs, ants, fleas, ticks, and other insects on contact

Of the insects treated in an independent laboratory, Nature-Cide Insecticidal Dust provides measureable repellency for up to 11 weeks after the initial application.

Application:

Shake well before using. Apply only to dry surfaces; do not wet powder. Prior to any large area application, test a small, inconspicuous area and check later for any adverse effects. Apply in and around areas where insects may be crawling, hiding or living. The amount to apply varies depending upon infestation severity. Suggested application rate is 1 - 2 oz. per 100 sq ft of surface area.

Ingredients:

- Geraniol • Corrmint Oil • Diatomaceous Earth • Sodium Bicarbonate
- Calcium Silicate • Calcium Carbonate
