

Nature-Cide®

Features & Benefits:

- All Natural
- Made in the U.S.A.
- Light, Pleasant Aroma
- Developed by a Licensed California Pest Control Service
- Can be used in combination with Nature-Cide Granular for added performance
- Full Service Solution that gives the ability to eradicate pests quickly and discreetly
- Kills and repels ants, bed bugs, fleas, mosquitoes, ticks and other insects by contact
- Available as 2 oz., 8 oz., 32 oz. ready to use and 64 oz., 2.5 gallon and 55 gallon concentrate

Application:

Depending on desired strength, mix 1 oz. to 7 oz. of Pest Management X2 with water to prepare 1 gallon of desired solution. With a pressurized pump sprayer, treat areas infested with most insects to rapidly eradicate. This includes all outdoor applications where insects gather, hide or breed. Be very thorough and make sure you treat all areas where various insects congregate, including lawns, shrubs and bushes. Pest Management X2 concentrate is highly effective to spray large yard areas without harming ecosystems or bodies of water. The Nature-Cide Outdoor ready to use product is a strong mixture that knocks down most insects immediately and is safe to use daily.

Ingredients:

- Cedarwood Oil • Cinnamon Oil • Lecithin • Soap • Water
