

Hansem Bed - Herringbone

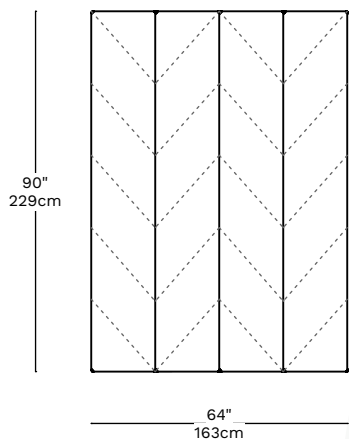

Part traditional, part today, the Hansem Herringbone is a grand statement in the bedroom.

Features We Love:

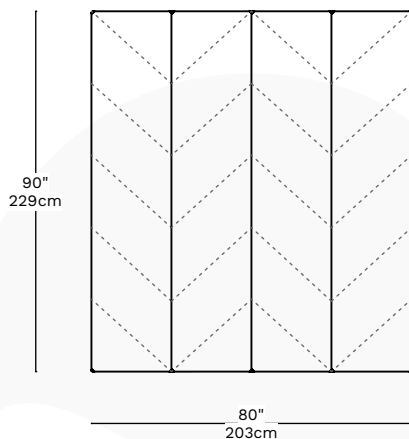

- Panels offering a custom look with approachable prices.
- Depending on the fabric selection this shape can be funned up for a child's room, or sexied up for a glam statement in a master bedroom.
- Order multiple headboards to cover a wider wall in a theatre/entertainment room or as sound absorbing design panels in any room. See Installation video for ideas!
