

Jumbalow

Inspired by Jumbo – this sofa can create a big footprint or walk the tight wire. The modular sofa is designed for great rooms, big families, and simple living.

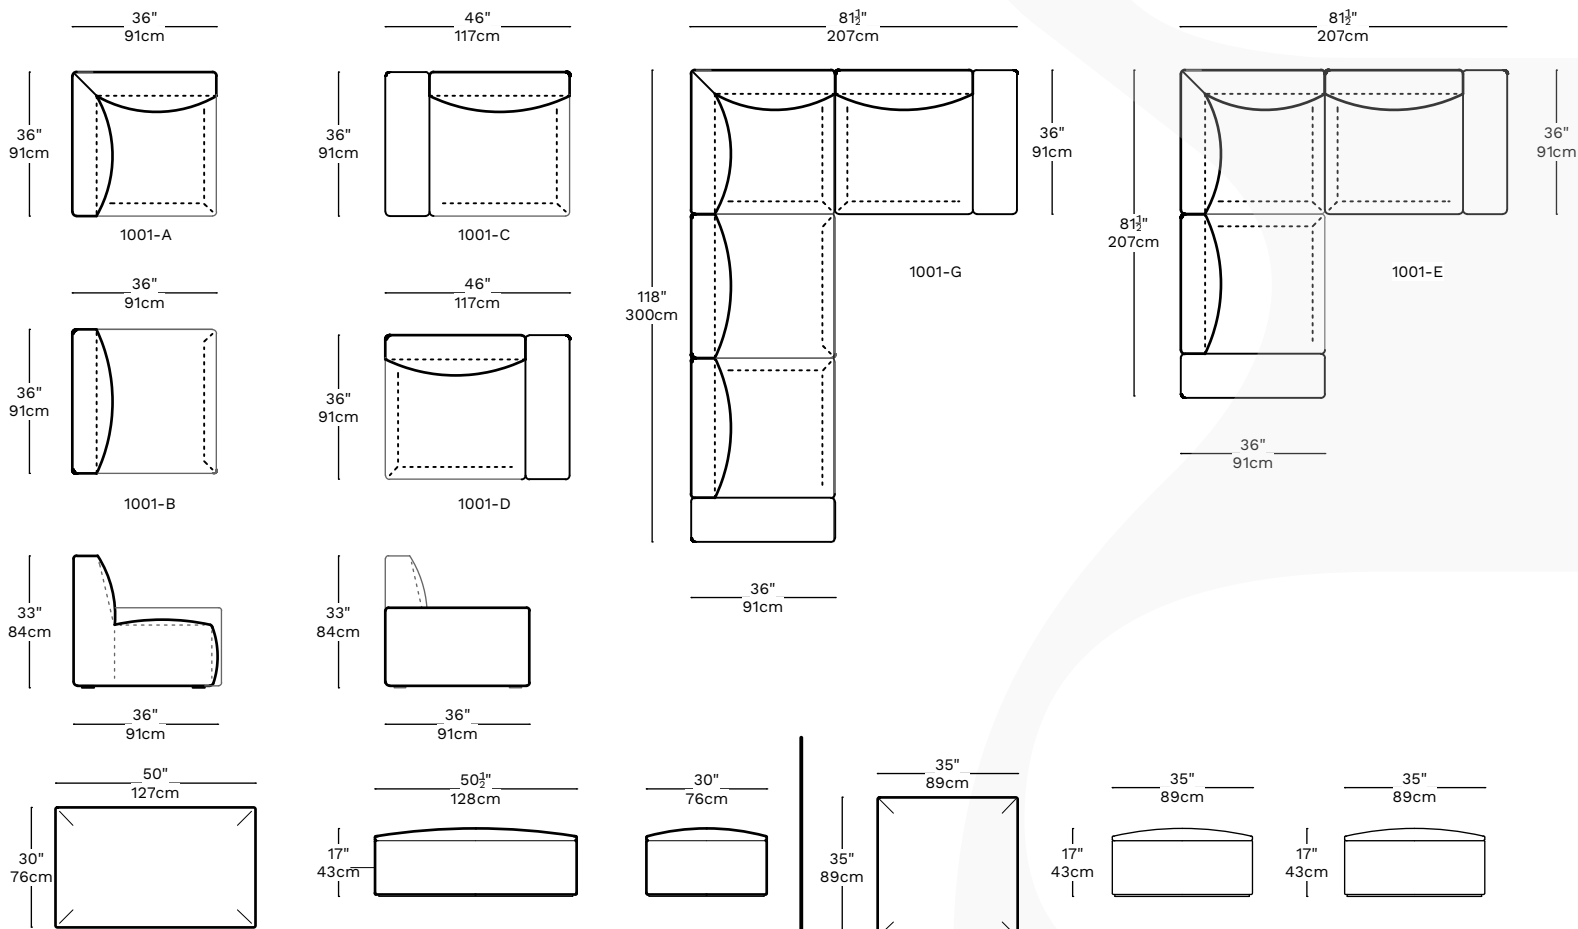

Features We Love:

- Casual fabric keeps it real.
- Combination of foam – from a firm supportive base to a softer memory foam topper, offering maximum support and comfort. Also available in latex foam
- Piped trim detail around the edges.
- Heavy-duty alligator clips hold everything together, and when you want to customize, allow you to reconfigure as you wish.
- Good back support, designed for a more upright sitting experience

The Details:

Seat Height: 17"
 Seat Depth: 24"
 Arm Height: 23" x 11"W
 Legs: Recessed legs for floating effect
 Made with: Sinuous spring suspension on seat and back, memory foam topper, foam layered in various foam densities for comfort. Also available in Natura Latex Foam.

Assembly Instructions: Alligator clips secure the units together. No assembly required
