

Bizzybee

Mono-Rack Systems

Modular Hydrocarbon Extraction Systems designed with versatility and easy scalability

Bipod

Smallest option

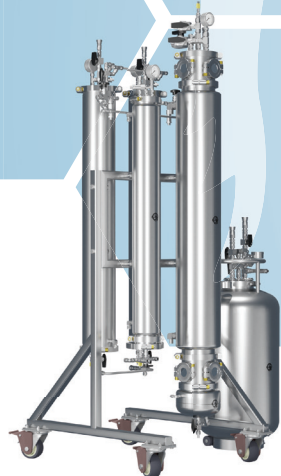

2 Columns:

- 1 x Material
- 1 x Collection
- 2 x Tanks (5 or 10 gallon)

Liquid CO₂-cooled Material Column

Dry ice Tanks or chiller-cooled Material Column and Tanks

Passive or Active Recovery

Quadrapod

Bipod + Solvent and Molecular Sieve

4 Columns:

- 1 x Material
- 1 x Solvent
- 1 x Collection
- 1 x Molecular Sieve
- (MolSieve can be switched out for 2nd Solvent Column)*
- 1 x Tank (5 or 10 gallon)

Liquid CO₂-cooled Material and Solvent Columns with dry ice or vacuum-jacketed Tank

Option to replace Liquid CO₂ with chillers

Passive or active recovery

Hexapod

6 Columns:

- 2 x Material Columns (*Small, Medium, or Large size*)
- 2 x Solvent Columns (*Medium or Large size*)
- 1 x Collection
- 1 x Molecular Sieve
- 1 x Tank (*10 or 15 gallon*)

Optional Heat Exchanger

Liquid CO₂-cooled Material and Solvent Columns

Vacuum or chiller-cooled Tank

Passive or active recovery

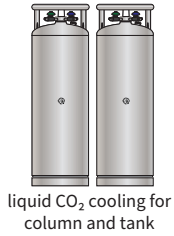

Bizzybee

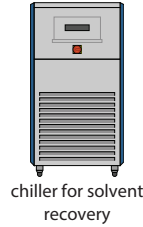

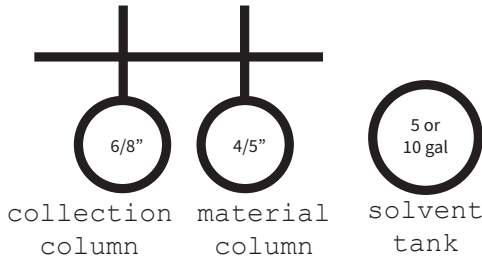

Mono-Rack Systems

MODULAR HYDROCARBON EXTRACTION

Bipod

liquid CO₂ cooling for column and tank

chiller for solvent recovery

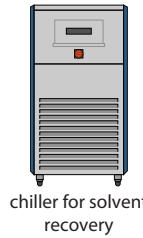

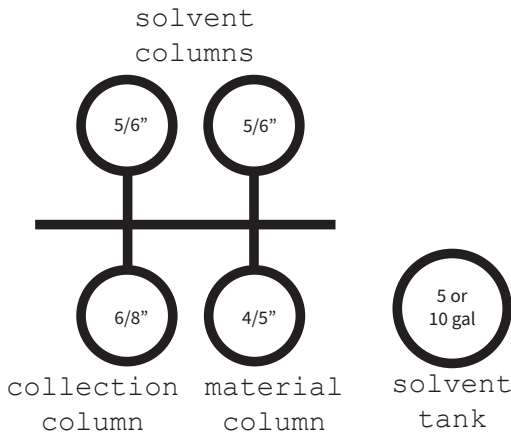

Bipod Capacity:

	Material	Solvent
S	2x 3-5 lb columns	50-90 lbs
M	2x 5-7 lb columns	80-120 lbs
L	2x 8-10 lb columns	100-300 lbs

Quadrapod

liquid CO₂ cooling for columns

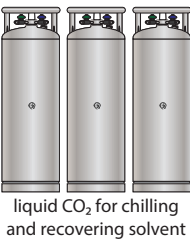

chiller for solvent recovery

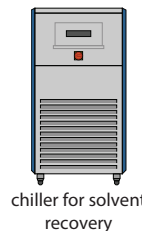

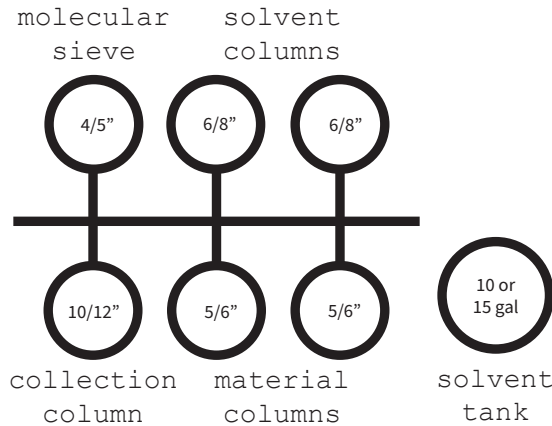

Quadrapod Capacity:

	Material	Solvent	Collection
S	2x 2 - 5 lb columns	50 - 75 lbs	30 lbs
M	2x 5 - 9 lb columns	75 - 100 lbs	55 lbs

Hexapod

liquid CO₂ for chilling and recovering solvent

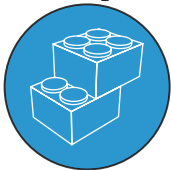

chiller for solvent recovery

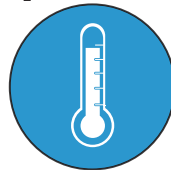

Hexapod Capacity:

	Material	Solvent
S	2x 3-5 lb columns	50-90 lbs
M	2x 5-7 lb columns	80-120 lbs
L	2x 8-10 lb columns	100-300 lbs

Bizzybee Competitive Advantage

Modular expansion - easily add equipment

Superior temperature monitoring, control, and safety

Industry leading customer support and training

Bizzybee Lifetime Manufacturing Warranty

Certifications:
