

Integrated Power

HBX SERIES LED SMART HIGHBAY - 320W

The HBX Series LED Smart highbays from Integrated Power introduce the latest technology in both performance and smart controls. Utilising plug and play sensors for motion control, zigbee control or both combined makes the HBX series one of the most versatile highbays on the market.

Features

- High output Philips Lumiled LED chips
- High Quality Inventronics Drivers
- Plug and Play Smart Sensors (optional)
- Individual motion control
- Zoned zigbee motion control
- Zoned zigbee wireless daylight sensing

Applications

- Warehouses
- Factories
- Gymnasiums
- Workshops

Standard Specifications

- Rated input power - 320W
- 90 degree beam
- High output Philips LEDs
- IP54
- CRI>70
- 46,400lm

Options List

- Motion Control /MOTION
- Zigbee Control /ZIGBEE
- Zigbee / Motion Control /ZIGBEE-MOTION

Models List

90 Degree	HBX320BK5KD01	Special Order
60 Degree	HBX320BK5KD02	Special Order
120 Degree Frosted	HBX320BK5KD03	Special Order

Accessories

Surface Mount Tilt Bracket	HBX1BL02
Plug & Play Motion Sensor	HBX1MS01
Motion Sensor Remote Control	HBX1MSR01
Plug & Play Zigbee Sensor	HBX1ZS01
Plug & Play Zigbee Motion Sensor	HBX1ZMS01
Wireless Zigbee Remote Control	HBX1ZR01
