PT4 SERIES LED POLETOP LIGHTS - 40W

The PT Series LED poletops package the latest LED chipsets and drivers in an expanding range of heritage and contemporary designs. The PT4 is the latest edition to our PT Series, offering a smooth architectural design. With symmetric and asymmetric optics, it makes the PT4 poletop highly adaptable to projects where widespread and controlled lighting is required. This results in more efficient lighting, better glare control and reduced spill lighting.
