

**PRODUCT SAFETY  
TECHNICAL DATA SHEET**

Compilation Date:  
24/07/2018 Revision No. 5  
Page 1 of 4

**Section 1: Product Details**

Product name: IdeaPaint Project

**Relevant identified uses of the substance or mixture and uses advised against**

Identified use: Dry Erase & Projection surface on smooth surfaces such as internal walls.

**Details of the supplier of the safety data sheet**

Manufacturer:           Ideapaint, Inc.  
                                  40 Broad Street, 1<sup>st</sup> Floor  
                                  Boston, Massachusetts 02109

**Telephone: 617-714-1050**

E-mail: marty@ideapaint.com

**Emergency telephone number**

In case of emergency, call: 617-714-1050

**Section 2: Hazard Identification**

**Classification according to Regulation (EC) No. 1272/2008 (CLP)**

Not classified

**2.2 Label elements according to Regulation (EC) No. 1272/2008 (CLP)**

**Hazard pictogram(s):** None

**Signal Word:** None

According to Regulation (EC) No. 1907/2006 (REACH)

**Hazard Statement(s):** None

**Precautionary Statement(s):** None

**Supplemental Hazard information (EU):** None

**Section 3: Composition**

Paper backed, Polymeric Coated film of Polyethylene Terephthalate - CAS 25038-59-9

**Packaging**

Recycled Paper Box - 127cm X 17cm X 17cm (rectangular box)

**Product Dimensions**

Width 122cm

**Weight** 335 GSM

**Finish** White Low Sheen

#### **Section 4: First Aid Measures**

**General:** No known cases of human poisoning:

**Inhalation:** Not considered a potential route of exposure

**Skin Contact:** If molten material gets on skin, cool affected area with cold water. Obtain medical treatment.

**Eye Contact:** Not considered a potential route of exposure, Seek medical advice if problems arise

**Ingestion:** Not considered a potential route of exposure, Seek medical advice if problems arise

#### **Section 5: Fire Fighting Measures**

##### **Fire Rating**

Reaction to Fire Classification:

Euroclass B – s1, d0

ASTM E84 Class A

##### **Suitable Extinguishing Media**

Foam, Carbon Dioxide (CO<sub>2</sub>), Dry Chemical, Water

##### **Specific Hazards Arising from the substance**

Burning releases hazardous gases such as carbon monoxide, carbon dioxide and small amounts of aldehydes and alcohols.

##### **Advice for Fire Fighters**

Wear self-contained breathing apparatus

#### **Section 6: Accidental Release Measures**

##### **Personal precautions protective equipment and emergency procedures**

For emergency responders not applicable for the product in its solid form

##### **Environmental precautions:**

Waste material should be recovered or disposed of in a safe manner; according to local regulations:

#### **Section 7: Handling and Storage**

##### **Precautions for handling:**

The material has sharp edges which can cause cuts to skin, wear protective gloves.

##### **General Occupational Hygiene:**

Workers should wash hands and face before eating or drinking. Remove protective wear before

eating or drinking

**Storage**

Store in a cool dry place away from sources of ignition.

Storage class: 11 Flammable Solids

Stability Conditions: Stable when stored under normal storage conditions.

Shipping- Do not stack more than eight levels for pallet transport

**Section 8: Exposure Controls / Personal Protection**

**Engineering Measures**

Take precautionary measures against static discharges.

Provide ventilation to keep dust below occupational exposure limits.

Eye protection should be used where a project specific risk assessment indicates it is necessary

Hand protection should be used at all times

General Protection according to local regulations

Respiratory: No special equipment normally required

**Section 9: Physical and Chemical Properties**

**Form:** Solid Film

**Color:** White

**Odor:** None

**Flash Point:** 400oC

**Boiling Point:** N/A

**Melting Point:** 100oC

**Density:** 1.2 - 1.6g/cm<sup>3</sup>

**Section 10: Stability & Reactivity**

**Chemical Stability:** Chemically stable under normal conditions

**Conditions to Avoid:** Naked Flame or sources of ignition

**Materials to Avoid:** Keep away from strong acids and oxidizing agents

**Hazardous thermal decomposition products:** Decomposition products may include the following: Carbon Monoxide (CO), Isocyanates, Carbon Dioxide (CO<sub>2</sub>) and Nitrogenous gases

may evolve during combustion.

### **Section 11: Toxicological Information**

**Further Information:** This material is not classified as dangerous no detrimental effects are known there is no data available on the material.

### **Section 12: Ecological Information**

**Further Information:** Not known to be harmful to the environment

### **Section 13: Disposal Considerations**

**Waste Treatment Methods:** Material and packaging such as cardboard should be recycled. All other waste materials should be disposed of in accordance with local regulations.

### **Section 14: Transport Information**

This product is classified as non-hazardous and therefore does not require any special handling.

**Land Transport ADR / RID / GGVS** - Not Dangerous Goods

**Inland Marine Transport ADNR / GGVB** - Not Dangerous Goods

**Marine Transport IMDG/UN** - Not Dangerous Goods

**Air Transport ICAO / IATA / DGR** - Not Dangerous Goods

### **Section 15: Regulatory Information**

**Labelling According to EU Directive:** This product is not subject to classification according to EU directives.

### **Section 16: Other information**

The information provided is correct to the best of our knowledge at the date of publication
