## How to Re-Pack

### Keep It Together

Each item comes in clearly labeled, custom-designed packaging. Be sure to save them for a seamless re-packing experience and safe return!

### Rinse & Repeat

Please give the plates and silverware a quick rinse so food doesn't stick. No need to wash—that's our job!

### About That Extra Setting...

Wondering why you see five of each place-setting item on the inventory list? That's because we've added one because all kinds of accidents can happen on the way to a perfect party (or an unexpected plus-one shows up). If something does arrive broken, please notify us immediately at [orders@social-studies.com](mailto:orders@social-studies.com)

### Arrange Your Pickup

We'll schedule a pickup for the day after your party and let you know when it is, so you can focus on other things (like responding to all those thank-you emails).

### Party Sustainably

Once we receive your box, we recycle all that we can and wash and reuse everything possible. Because zero waste is a sign of great taste.
