

BONALDO

Scriba

Designer: Mauro Lipparini

Scriba is characterised by rigorous signs that bring to mind the typical desk of bygone times. The use of wood, in the Canaletto walnut finish, for the base, the top, the drawer and for the front part of the legs makes it a refined and linear product, suitable for contemporary environments but also

ideal for the most sophisticated of spaces. A further touch of elegance is given by the precious metal details of the base and by the possibility of equipping the desk with an emery leather shelf, in a meaningful material language that gives a sense of sobriety and exclusivity to the product.
