We are proud to now offer our customers an **eco-friendly** alternative to plastic straws. Our paper straws are **compostable, recyclable, and marine degradable**. Salute! paper straws are durable and long lasting and are available in two sizes.

By switching to paper straws you can help the environment by cutting down on marine pollution. Now that's something to celebrate.

SALUTE!®

A stylized white wine glass is positioned in the center of the word "SALUTE!". The glass is filled with a dark liquid. Below the glass, a thick white horizontal bar with a slight upward curve at the ends spans across the width of the word.

SALUTE! TO LIFE!
